MADE FROM NATIVE ROOTS.

SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit Mich.

ALARM IN FRANCE.

Dispatches from Paris say that the strike situation has improved before the government's military and police preparations to crush disorder, and public uneasiness has been considerably relieved. Alarmist reports, however, continue to circulate concerning what may possibly happen May 1. One report says that Spanish and Swiss anarchists have succeeded in bringing 40 bombs into Paris. The police are exercising extreme vigilance and are shadowing the chief agitators and watching the centers of disorder.

The elaborate military precautions include stationing 2,000 troops in the basement of the Grand Palace, where the national art saloons are being held. Infantry and cavalry are also strongly posted at other important centers.

The government appears to be fully aroused to the necessity for adequate preparation.

The police canvass shows that 80,000 men have stopped work, of which number the disorderly element does not exceed 20,000. Against these can be massed 42,000 to 45,000 troops.

The police will endeavor to localize the manifestation to the Place de la Republique, which is the great labor center, and to the vicinity of the Labor Exchange. This will prevent the manifestants from gaining the center of Paris or getting west of the Place de la Concorde, into the residential sections of the Champs Elysee or Passy. It is expected that the strength of the military and police will readily enable them to confine the disorderly element within its own eastern sections, thus reducing the demonstration to isolated affrays, which should easily be controlled.

The police are convinced that there is no danger of a lack of food supplies, owing to the strike in the provision trades. They declare that the dealers in provisions are reaping a harvest by spreading alarmist reports. The police are in favor of closing the stores altogether. An official of the prefecture stated that the situation, while serious, does not warrant its being represented as tragic.

The painters have decided to stop work May 1, and to remain out until they are granted an eight hour day and a weekly holiday.

The strikers already out are comparatively quiet before the overawing force of troops and police. The places of business of the manufacturing jewelers are heavily guarded.

About 1,000 book printers made a manifestation yesterday and several minor affrays occurred.

Two magazines have suspended owing to inability to print their edition. The ranks of the local strikers were increased yesterday by 600 laborers. The metropolitan barbers have announced that they will stop work May 1 unless they are given a holiday Tuesday and two hours for luncheon and rest.

The labor headquarters in Paris show extreme animation. The various sections are holding meetings and are issuing appeals and listening to violent speeches. During a meeting of 5,000 printers two of the orators counselled the stoppage of the delivery wagons of the newspapers.

Reports from the coal mining regions show that there are 40,000 men on strike and 14,000 at work.

The mines in the Department of Pas de Calais still hold out, and show no signs of an intention to resume work. They have organized begging gangs, who threaten persons who refuse to contribute, but, generally, calm prevails. The iron-workers at Valenciennes have mostly resumed work.

Yeast to Cure Cancer.

Yeast bacillus as a remedy for cancer is the latest medical claim. Dr. Doyen, physician and scientist of Paris, in an address before the Medical Congress, in session at Lisbon, asserted that he had employed the process of inoculating patients with yeast bacilli and had by that treatment wrought cures. Dr. Robert F. Weir, who has made cancer the subject of exhaustive study, said that he had little faith in any treatment of the disease which was based upon the germ theory. "We know little of this malady," he added "and about the only ray of hope we have had has been from that mysterious substance called radium. It has been demonstrated that radium has an effect upon superficial cancer, but so far nothing has been found in the way of a remedy which has been of value in treating deep-seated growths." Dr. Franz L. A. Torek, another specialist, said that the yeast bacillus was by no means new, for he had heard of it being employed for several years in Europe.

A Young Mother of 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Greatest restorative medicine on the globe. Sets Stomach, Liver and Kidneys right, purifies the blood and cures Malaria, Biliousness and Weaknesses. About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Gibson and Timberman and W. F. Creighton and Company.

All the good qualities of Ely's Cream Balm, solid, are found in Liquid Cream Balm, which is intended for use in atomizers. That it is an unfailing cure for Nasal Catarrh is proved by an ever-increasing mass of testimony. It does not dry out nor rasp the tender air-passages. It allays the inflammation and goes straight to the root of the disease. Obstinate old cases have been cured in a few weeks. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, APRIL 26, 1906.

THE COUNTRY sorely needs honesty, and democrats must rescue the government from the party of graft, greed and scandals that now is in power. The steadfast South, whose unwavering devotion to democratic principles has withstood the bribes and jibes of the enemy, has now been invited to lead in the reorganization of the party on the old and undisputed doctrine of "equal rights to all and special privileges to none." This invitation comes from the state that has heretofore always been dominant in dictating party policies and candidates, but is now ready to follow the lead of the South which has hitherto been content to follow, what have been considered, the necessary but doubtful states. The Southern states are the stronghold of democracy, for when other sections went off into un-democratic fields the South stood steadfast for the party of the people. Heretofore the South has been very modest, even with advice, at national conventions and has brought forward no candidates for the national nominations, except in an indifferent way from the debatable border states such as Missouri and Maryland.

A CAMPAIGN for the defeat of the free denatured alcohol bill which has passed the House almost unanimously has been started in the Senate. Tariff reducing amendments are being prepared and by the time the measure is reported out of the committee on finance its friends predict it will be so loaded down as to arouse debate approximating in volume the discussion on the railroad rate bill. The opponents of the bill hope to hold it up in the Senate for this session, if not indefinitely, by again going over the ground of investigation so patiently and fully traversed in the House. This programme of delay is favored by the backwardness of legislative work growing out of the tedious discussion of the rate bill and other measures of general importance on which there is acute division of opinion. If it were possible to bring the bill to a vote in the Senate the industrial argument is so conclusive in its favor that it would doubtless pass. But there are powerful interests actively backing the effort for delay, and in such cases the public interest too often suffers.

MR. J. WARREN KEIFER, an ex-Speaker of the House and now, after a long enforced absence, a member of that body from Ohio, states it to be his intention to circulate a call among republican members for a caucus to consider the question of putting forward the matter of reduction of representation of southern States in Congress. Mr. Keifer is trying hard to keep himself before the public and again resorts to the old bloody shirt trick. He has long since out lived his usefulness, but his hatred for the South grows with his years. He shuts his eyes to the terrible treatment accorded the negroes in his own district in Ohio, where they are not only killed but the innocent members of that race driven from their homes and their property burned.

INDIGNATION has been caused throughout the State by receipt of news from Boston that the Massachusetts State Senate had amended the bill appropriating $50,000 to the Jamestown Exposition by inserting a proviso that the governor of Massachusetts shall be first satisfied that citizens of Massachusetts would be treated in Virginia with as much respect as they are in their own State. Sentiment should be unanimous that unless the Bay State legislature strikes out this offensive amendment the State will not accept Massachusetts' contribution of $50,000 under any circumstances.

DIRECTLY consequent upon the combination of bituminous coal railroads, consumers of coal in the East were last year compelled to pay for transportation of coal shipped to tidewater nearly $7,000,000 more for freight than they would have paid at the rates prevailing in 1899 or before the combination was effected This striking fact, which is one that will appeal with great force to the public at large, was brought out in the testimony heard on Tuesday by the Interstate Commerce Commission sitting in Washington in the railroad coal trust investigation.

ENGLAND has kindly consented to permit China to pay $1,250,000 to the British government for invading China's territory of Thibet in time of peace. This prompts the Philadelphia North American to suggest that when it comes to inducing the other fellow to take up the white man's burden the thrifty English make the rest of us look like plugged nickels.

A VERY comforting feature of the news from San Francisco is that estimates of the loss of life tend to decrease. The loss of property is somewhat reduced by the fact that several of the newer and more expensive buildings are not destroyed and can be repaired for a very small part of what it would cost to replace them.

THE scientific prognosticators predict that the country is this year to have a visit from not only the seventeen-year locusts, but the thirteen-year variety as well. Well, these scientists might have waited till after the Vesuvius and San Francisco excitements had quieted down.

THE House of Representatives has passed a bill to permit the government to appeal from a ruling like that recently made in Chicago by Judge Humphrey. The defendants would have had a right to appeal if the decision had gone against them, and what is fair for the goose ought to be fair for the gander.

The Senate committee on postoffices today decided to report in favor of the confirmation of the nomination of the President's Assistant Secretary, B. F. Barnes, of New Jersey, to be postmaster of this city. The committee also decided that it would hold no investigation of the charges filed against him by Senator Tillman in connection with his participation in the forcible ejection of Mrs. Minor Morris from the White House. This section was taken by a party vote.

A dispatch to the Bureau of Construction, Navy Department, from Naval Constructor John G. Tawresy, states that no damage was done by the earthquake to government ships, but that the commercial steamer Columbia sank on the Union Iron Works drydock and the dock was wreck. The contractors for the cruisers South Dakota and California request additional time for their completion.

The House committee on naval affairs has placed an item of $1,000,000 in the naval appropriation bill for submarine boats for the navy. The naval bill has been completed and will be reported to the House very shortly. The submarine boat appropriation aroused a good deal of discussion in the committee, but it was determined that, in view of the activity of several foreign governments in supplying their navies with submarines, the United States navy should not be backward in its investigations, at least. In order to silence the clamors of the submarine boat companies who wished specific appropriations for their boats, the committee decided to appropriate money for the "science." The selection of boats is left to the Navy Department.

W. T. Noonan, general superintendent of the Buffalo, Rochester and Pittsburg Railroad, today told the Interstate Commerce Commission, in its investigation of coal and oil business in this country, of wholesale ownership of coal mines along his road by the Iselin family, of New York, also the owners of the railroad. Without quibbling Mr. Noonan said that the road or its officials owned the majority of the common stock of the Rochester and Buffalo Coal Company, which ships one-half of the total number of cars moved over the road, and that they controlled the Jefferson Coal Company and the Shamokin Coal Company, both large shippers.

Contributions for Sufferers.

New York, April 26.—The local relief fund this morning was close to the $4,000,009 mark, and should pass it before tomorrow if the contributions continue to flow in with anywhere near the volume they have averaged since the fund was started. The seven days since the catastrophe have averaged nearly $3,000,000 each from all over the country, and have brought the total of the whole fund up to about $21,000,000. By far the greater part of the fund is in now and from this time on the task of the relief committees will be its distribution in the wisest way.

The floating dock and convoy will start Friday from Port Said for the trip through the canal.

E. L. Johns, an inmate of the Hopeworth Sanitarium at Bristol, R. I., was found hanging to a tree a short distance from the hospital Tuesday. Mr. Johns, who was a school teacher from Warrenton, Va., had been missing since Sunday. Dr. Canfield, in charge of the sanitarium, said that Mr. Johns was not insane, but had come there for a rest and a change of air and scene. He left a wife and child in Warrenton, and this seemed to make him melancholy. Sunday he went out for a walk, and at nightfall he had not come back.

Another Earthquake Scare.

At 3:15 o'clock yesterday afternoon a shock of earthquake was felt in San Francisco. It lasted nearly a minute and caused considerable alarm, though no one was injured. A number of walls of burned buildings which were standing were thrown down and frail buildings were considerably shaken up, but the damage was slight.

The shock was also felt in Oakland and Berkeley, but in these places it was very slight and of brief duration.

Earlier in the day Mr. Harriman had sent a telegram denying previous reports of new earthquakes.

The shock interrupted a day of active work. San Francisco had been busy after a fashion with gangs of men at something or other on every street.

The army gunners continue to blow up dangerous buildings. They have finished the work on Market street and passed on to the financial region on and about California street. South of Market, little of this work is necessary; the buildings were either little shacks which perished utterly in the fire, or modern buildings of steel which stood through everything. Yesterday afternoon the Parrott building, which housed the Emporium, the largest department store in the city, resisted four blasts of gun cotton. After that the gunners decided that the standing wall is not so dangerous as it seems.

Terrified at the sight of the pistol, Ruppert ran to the corner of Seventh and Broad streets, where he found Sergeant Kraft. The excited man apprised the officer of the presence in his restaurant of a woman with a revolver, and both returned to the eating house to make the arrest.

Letter to C. M. Adams,

Alexandria, Virginia.

Dear Sir: All's well that ends well. Dr. L. W. Dean, Waterville, N Y, complained that his paint had gone off shockingly—he had been in the habit of painting once in three years—said it looked ten years old; and asked us to make it good.

We referred his request to our agent at Waterville, W J Bissell's Son.

That very day Dr Dean wrote us "I was wrongly informed. Accept my regret."

We don't get many complaints in the course of a year, and don't always get off so easy as this time. Yours truly

Today's Telegraphic News

Work of Restoration.

Oakland, Cals., April 26.—Confidence, slow but sure, is gradually coming back to the people of San Francisco. Vigorous steps are being taken on all sides toward a restoration of the city to normal conditions. Nothing better since the disaster has been done to bring about an improvement of the mental condition of the people than the withdrawal of the restriction on entrance into the city from other bay cities. Thousands who were heretofore unable to go across the bay are availing themselves of the opportunity to visit the ruined places of business and see the preparation for resumption. The feeling of fear of further disaster is disappearing and hope that inspires the belief that the city will be resurrected as quickly as possible will permit it, is springing up in all quarters.

The city is being rapidly cleared, and so soon as the insurance companies decide definitely as to the action to be taken by them in the matter of adjusting the damages the work will be taken up with systematic thoroughness.

Oakland, Cal., April 26—There was an air of even greater activity than has prevailed since the reconstruction work was begun in earnest over the city today. It is estimated that in the neighborhood of 225,000 people have left the city. It is expected that a great many of those will return, however.

San Francisco, April 26.—The first government relief train reached Oakland last night. Heavy grades delayed the train. All along the route the people greeted the train with great enthusiasm.

Pittsburg, Pa., April 26.—Orders have been issued by officials of the Carnegie Steel Company, making all contracts for structural and other steel material to be used in the reconstruction of San Francisco "emergency orders" and giving them the preference over all other contracts. This order will apply to all branches of the United States Steel Corporation. John C. Neale, structural engineer of the Carnegie Company, left last night for San Francisco to take charge of the structural work of the United States Steel Corporation on the coast.

Washington, April 26.—The War Department received the following advices from Gen. Greely, at San Francisco, this morning: "Desire especially to call attention of Secretary of War and Chief of Staff to necessity for additional troops. Not only is the present force inadequate to fully guard the interests of the city but they have been necessarily overworked in the past and are overtaxed today. Distances are simply enormous, and conditions demanding military action can best be subserved by sending as large a force of mounted men as is practicable. The spirit and conduct of the troops, officers and men, has maintained the high standing of the American army and a continuance of the physical stress and mental responsibility is not advisable in the present high tension of affairs."

The 2,500 additional troops outside the Pacific division, requested by Gen. Greely, will probably be ordered to San Francisco this afternoon. Secretary Taft and his advisers in the War Department are loath to sending reinforcements to San Francisco, but Gen. Greely's request seemed to indicate the urgency of the situation. Secretary Taft conferred with the President today in reference to the matter. Pending the President's decision, orders were not issued this morning.

Dowie and His Troubles.

Chicago, April 26.—Added to his other troubles, John Alexander Dowie has been attached in bankruptcy proceedings. A petition was filed by some of his creditors in the federal courts asking that Dowie be declared bankrupt. A receivership, the second Dowie has faced, also was asked for. The court action did not emanate from the Voliva camp, it is said, but was started by individual creditors who registered claims against the founder of Zion City amounting to about $7,000. It is alleged in the petition that Dowie, while knowing himself insolvent, transferred $2,200 worth of property to certain creditors in preference to petitioners and thus violated the bankruptcy laws. Following the filing of the petition, a motion for the appointment of a receiver was made before Judge Landis, who will entertain the motion in court next Monday morning. With Zion City already in an unsettled state, the court proceedings threaten to disrupt the town. Friends of the two rival leaders and other creditors in the various institutions of Zoin City fear such serious complications may arise as to wreck the enterprise which Dowie brought out of the former receivership.

Preparing Counter-Proposition.

Wilkesbarre, Pa., April 26. — The scale committee met this morning to complete the last touches to the counter-proposition to the operators which the miners say will avert a strike because of its radical modifications from the original demands. The terms of this latest proposition have been previously indicated. Either an official statement containing a synopsis of the counter proposition or the complete document as sent to the operators will probably be made public some time today.

Wilkes-Barre, April 26.—The general scale committee decided this morning to issue for a call at tri-district convention at Scranton, on Thursday, Mr. Mitchell indicated that the counter proposition to the operators will be sent them this afternoon, and that they would be requested to make an early reply so that the convention might act on their answer next Thursday.

Royal Gathering.

London, April 26.—The Pall Mall Gazette says that a well informed correspondent writes that it has been definitely decided that Czar Nicholas and Kaiser William will meet King Edward of England at Darmstadt, capital of the Grand Duchy of Hesse, during the first week of September. The meeting of the monarchs will be in the main a domestic matter, but it is bound to be an important international event. The Czar and Czarina, accompanied by their children, will start at the end of August for a long visit with the Grand Duke of Hesse, brother of the Czarina, after three years of enforced abstention from holidays as the result of the disturbances in Russia.

New Orleans, April 26.—Richmond, Va., has been selected as the next meeting place of the Confederate Veterans.

The second day of the Confederate reunion was begun today at ten o'clock. Hundreds of the old soldiers assembled in the auditorium to discuss various topics of interest to them. A feature of the gathering is that the sons of Confederate Veterans and the Confederated Southern Memorial Association are meeting simultaneously.

A reunion of the Survivors of the Forest's Cavalry was held this forenoon, and an hour earlier the Naval Veterans met at the headquarters of the Tennessee division.

A reception will be tendered this afternoon to Mrs. Henderson of the United Daughters of the Confederacy.

The committee on medals to Southern woman will report this afternoon, and then the selection of the next place of meeting will be made.

The afternoon session will begin with the reception of reports from the committees on resolutions, monuments, treatment of prisoners and Sons of Veterans. Then will come the election of officers the transaction of miscellaneous business and adjournment.

The Duke Divorce Case.

Newark, N. J., April 26.—When the hearing, which began Tuesday in the divorce suit brought by James B. Duke, the millionaire tobacco man, against Mrs. Lillian N. Duke, was resumed before Vice Chancellor Pitney here this morning the court announced that an attempt had been made by letter to influence him in favor of one of the principals in the case. He went on to speak of the futility as well as the criminality of this kind of proceeding.

The letter, it is said, was written by a woman, was postmarked Reading, Pa., and contained an appeal to the court in Mrs. Duke's behalf, the writer assuring the vice chancellor, it is alleged, that she was satisfied of the defendant's innocence, Mrs. Duke having told her so on the occasion of a recent visit of the writer to her. The letter closed with the wish that the vice chancellor would decide the case in Mrs. Duke's favor, as it was in his power to do so. The resumption of the hearing was halted for a time by Mr. Parker, stating that Mrs. Duke was ill and unable to be present.

Chinese Revolutionists.

Singapore, April 26.—The correspondent of the Publishers' Press is informed that the notorious Chinese revolutionist Dr. Sim Yat Sen paid a secret visit here recently. It is reported on good authority that despite the recent more peaceful outlook in China, the reformers there are busy trying to organize a new plot. Their present plan is to stir up trouble between the southern and central provinces on the one hand and the northern provinces on the other. Their aim in this is to bring about the overthrow of the present dynasty. Even the friends of the reformers engaged in this scheme consider it is folly to make such an attempt, but the majority of the reformers are incapable of accurately judging what the situation is.

Compulsory Military Service.

Berlin, April 26.—The socialist organ Vorwaerts has started a campaign to secure a reduction in the period of compulsory military service from two years to one The paper today publishes an article written by an officer, Baron Gupplen, exposing the collossal waste of time by soldiers in useless show parades. Soldiers are constantly being withdrawn from useful exercises, the writer asserts, to provide spectacular parades for innumerable foreign personages. Half the soldiers' time is wasted in useless display. The abolishing of the superfluous parades would give an opportunity for the reduction of the period of military service without decreasing the efficiency of the soldiers.

Marriage Indefinitely Postponed.

New York, April 26.—The London correspondent of the World wires his papes that reports that Mrs. Nannie Langhorne Shaw and William Waldorf Astor, jr., were married last week were unfounded. The World correspondent is now informed that all preparations had been made for a wedding last Saturday in the least conspicious manner possible, but the divorce decision in the United States Supreme Court upset their plans. The marriage has been indefinitely postponed.

Affairs in Servia.

Belgrade, April 26.—The threatened disturbances in Servia have been averted. King Peter does not dare to dismiss from office the regicides who had a part in the killing of King Alexander and Queen Draga, and as it was the threatened dismissal of these men which was likely to stir up trouble, the danger is passed for the present. M. Hassitsch, who favors the regicides, has been named as premier and he will form a new cabinet, thus ending the ministerial crisis.

Suspended for Hazing.

Easton, Pa., April 26.—Eleven seniors, one junior and two sophomores were indefinitely suspended today by the action of the Lafayette College faculty for hazing. The seniors put the freshmen through a lot of "stunts" last week and were helped to some extent by the lower classmen. There is much excitement among some of the students and revolt is talked of.

Ridicules American Morality.

St. Petersburg, April 26.—The celebrated writer, M. Tann, in a long article which appears in the Twentieth Century ridicules American morality in connection with the affair of Maxim Gorkey, and Madame Andrieva. In this connection the writer says: "Russians do not have rights or prejudices, yet they are happier than the American hypocrites."

Arrival of Overdue Steamer.

New York, April 26.—The steamship Marco Minghetti from Genoa, carrying 1,000 immigrants and which was several days overdue, arrived safely in port this morning. The steamer was delayed by high winds. Peasant Disorders.

News received at Vererezh, Russia, from the village of Diewitza, where it was announced Tuesday Cossacks killed 19 and wounded 50 persons in suppressing peasant disorders, shows that the trouble arose when the peasants attempted to take some grain from the municipal stores. The guards protested, and finally one of them shot a woman, whereupon the peasants of the surrounding villages assembled with scythes and axes. The guards fired repeated volleys at the peasants, killing 11 men. Cossacks finally came up to support the guards and the peasants were driven off. It is presumed that it was during this conflict that the Cossacks killed the 19 peasants.

Religious frenzy characterized the fighting at Lesnos, Russian Poland, on April 22 between Catholics and Marinavits when 10 persons were killed and 77 were wounded. Four priests were terribly mutilated. The men fought like beasts. The antagonists gouged out the eyes of their adversaries The Catholics, who were beaten, threaten to arrange a St. Bartholomew massacre.

Farmer Stabbed to Death.

John Owens, a young farmer of Rowan county, N. C., was stabbed to death yesterday morning by a neighbor, Charles Brady. Brady made his escape, and although a posse immediately went in pursuit he so far has succeeded in eluding his pursuers. The plantations of Owens and Brady adjoin, and it was on the land of the former that the tragedy occurred. For some years a feud has existed between the families on account of a disputed boundary line between the two plantations. Yesterday morning the controversy was renewed between Owens and young Brady's father. The dispute ended in a personal encounter, and the young man rushed to the assistance of his father. Drawing a knife he repeatedly stabbed Owens in the back and breast and cut him on the head. The flesh was laid open in the back at one place by a gash two inches in width. Although mortally wounded, Owens mounted his horse and rode to his home a short distance away. A physician was immediately summoned but the injured man's wounds were fatal. Owens suffered intensely, and piteously pleaded for relief.

Negro Assailant Dismissed.

John Meredith, a negro, was dismissed in the Henrico Circuit Court yesterday morning upon the charge of criminal assault upon Mrs. Susie J. Blake, wife A. L Blake. The ground for the dismissal was that the young woman submitted, although under coercion. The courtroom was crowded when, preliminary to the hearing, the ordinary charge of attempted criminal assault was read. Mrs. Blake arose and, raising her hand, said: "I solemnly swear that not only was an assault attempted, but the negro's purpose was accomplished." The crowd in the courtroom was thrown into the greatest excitement. The negro turned his head from his accuser. The word "attempted" was elimated from the warrant. The courtroom was cleared before the hearing was resumed. As the young woman made her statement many eyes were turned upon the gaudily dressed negro, who evaded arrest for some time after the alleged assault was committed by taking refuge in the smallpox pesthouse when warned that the officers were after him.

A Sensational Arrest.

Angus D. McLanna, a student at the Baltimore Medical College, is locked up at the Central police station, in that city, charged with criminally assaulting Miss Julia M. Jones, of 921 McCulloh street, in the month of December last. The arrest was made late yesterday afternoon, after McLanna had been chased several blocks by Miss Jones and several of her brothers, who ran the young man into the office of a business house at Chase and Cathedral streets. One of the brothers stated that McLanna had assaulted his sister in the presence of his brother, who lay dying and was unable to protect his sister's honor. He stated that McLanna had been engaged by his mother to nurse his brother, who has since died, and that when his sister visited the room to ascertain her brother's condition McLanna took advantage of the brother's weakened condition and Miss Jones's inability to protect herself.

Bridal Couple Failed to Escape.

Among the passengers who left here late yesterday evening on the steamer Newport News for Norfolk were a young man and a young woman of Washington, who had been married in that city yesterday. It was known by some of their friends that the couple would leave on the Norfolk steamer, and a party consisting of twelve young men and women each carrying about a pound of rice proceeded to the wharf for the purpose of giving them a "send off." They were disappointed when they failed to find the newly-wedded pair. The latter had outwitted their friends by boarding an electric train and coming to this city, where they supposed they could board the Newport News without attracting attention. The young gentleman and lady were at Prince street dock about 7 o'clock awaiting the arrival of the steamer and congratulating themselves upon their supposed escaped from persecution. They were, however, doomed to disappointment, as when the steamer was about a hundred yards away yells as from a football team or a band of Sioux Indians were heard emanating from the steamer. The salutes were continued until after the boat had been made fast when the men and women rushed on the dock and threw showers of rice at the bride. The latter attempted to escape by running aboard the steamer, but she was intercepted while on the gang plank by her female friends who threw about a peck of the cereal on her. The young woman covered her face with her hands and bore the fusilade which only ceased when the supply had become exhausted. The victim then hastened aboard the steamer and her tormentors proceeded to the Prince street station and boarded an electric train for Washington. The groom was a silent spectator of the proceedings, being unable, under the circumstances, to render aid to his better-half

The Washington Turnpike.

People whose business or inclinations cause them to use vehicles in passing between this city and Washington or in reaching points in Alexandria county are complaining of the fact that portions of the roadway are kept in an unsatisfactory condition by the railway company which is now engaged in making improvements in the county. The new bridge which is stretched westward from a point a short distance south of what was known as St. Asaph Junction to the Poor House has not as yet been opened, the flooring not having been laid, although the iron work was completed months ago. Vehicles are compelled to pass through the new union yards and cross a number of tracks before they can reach the turnpike at the Washington and Ohio R. R. viaduct. Certain obstacles in the road, the result of the railroad improvements in the neighborhood of Four-mile run, also renders driving difficult. No one seems to know why the new bridge has not been opened.

The Henry Street Track.

It is said that the question of the Henry street railroad track will be raised in the City Council shortly; also that a petition will be circulated among property owners on the thoroughfare praying Council to have the rails removed. The tracks have not been used since early last fall. It has been reported in railroad circles for some time that the Southern Railway Company desires to purchase the track from the Washington-Southern Company and use the same for its trains It is also said that the Southern Company is seriously considering the advisability of building a passenger depot in this city. Pegs have been placed on ground north of the Belle-Pre Glass Works, and it is believed that it is the purpose of the company to extend the Henry street track to a point where it will connect with the Washington-Southern tracks.

Poor Fishing.

Messrs. Berrea and Morton, at Marlboro fishing shore, will cut out their seine in a few days. Capt. J. E. Gibson, at "The Gums," cut out Saturday, and unless there is a ran of herring in the next few days others will do so. The season has been very poor and the catch small, but the good prices obtained prevented much loss.—[Fredericksburg Star.

From present indications the fishing season of 1906 will be no improvement upon that of the past two or three years. Shad were scarcer and higher again this morning. The best specimens are selling at 60 cents a piece in market. A vessel load of herring arrived at Fishtown yesterday evening. Affairs at that place lack animation.

Social Gathering.

There was a social gathering at the residence of Mr. Morgan E. Brock, 425 south Fairfax street, on Tuesday night in honor of Mr. John H. Knight. A number of young people were present, all of whom experienced a delightful evening. Among those present were the Misses Keene, Grace and Lizzie Fletcher, Maggie Lyles, Lizzie Landford and Violet Proctor, and Richmond Rambolt, Elmer Thompson, Lawrence Mellon, Freeman Mansfield, Thomas Dawson and Clay Phillips.

Union Depot.

The new union depot is now illuminated at night by incandescent electric lights, the current being transmitted from the power house at the new union yards, north of this city. The work of beautifying the grounds adjoining the depot is in progress. Swards have been prepared and flower beds are to be attractive features to the surroundings.

Dwelling Destroyed.

Capt. Coombs, of the schooner Daisy reports that the dwelling of Mr. J. T. Miller, at Accokeek, Md., was destroyed by fire yesterday afternoon. The furniture and other contents were also destroyed, but the storehouse and mill were saved. Mr. Miller formerly lived in Alexandria.

Samuel E. Wetmyer, editor of the Rome, Ga., News, who on Tuesday night, while in highly excited condition, applied at the station house for protection, was today sent to his home.

Opera House.

"At the Risk of His Life," a sensational melodrama in four acts, was presented at the Opera House last night to a crowded house. The drama throughout was of intense interest, full of thrilling situations and heartily applauded. To say that everyone was pleased is but a mild form of expressing it. One of the best characters in the play was that of Alfred Wycherly by J. P. Tucker, who was the right man in the right place. Mr. Southern as Dr. Robert Lenox again covered himself with honors. Miss Mabelle Vantassell as Helen Dangerfield was excellent, while R. A. Osborne, as Fanchon, the detective, was decidedly clever. All the other parts, as is usual with such a good company, were in capable hands. The specialties were again pleasing and vigorously applauded. Tonight the Southern company will produce that celebrated play "Camille." This piece is too well known to need an introduction, but it can be said that the drama will be produced in a creditable manner by this company. New specialties will also be introduced. Tomorrow night the attraction will be "The Power of the Church."

Vestry Meeting

At a meeting of the vestry of St. Paul's Church the following officers were elected for the ensuing year: Maj John W. Green, senior warden; Mr. J. Wallace Hooff, junior warden; Mr. J. R. Zimmerman, treasurer; Mr. J. Clinton Milburn, registrar; Colonel L. Wilber Reid was elected delegate to Council; Dr. George T. Klipstein, alternate. The vestry also appointed a committee to work in conjunction with committees from the vestries of Christ and Grace churches to canvass their respective congregations to provide homes for the clerical and lay delegates to the 111th Council of the Diocese of Virginia, which will convene on the 16th of May in St. Paul's Church. The Council is expected to entertain 200 members.

Fall of Scaffold.

Yesterday while painting a structure connected with the windmill near the lake now being formed at Luna Park, at Four Mile Run, a joist of the scaffolding gave way, precipitating the workmen into the pond below. Antonio Essex, living at No. 315 north St. Asaph street, was one of the unfortunates, and had both legs badly wrenched and bruised, also a finger mashed off. Another workman named Shiffert, of Georgetown, had his ankle broken and was otherwise injured. Both men were removed to the Emergency Hospital in Washington.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

James Gallagher, arrested by Officer Beach for drunken and disorderly conduct, was fined $5.

Benjamin Allen, Irwin Mullin, Patrick Buckley, William Davis and Thomas Buckley, arrested by Officers Garvey and Lyles charged with disorderly conduct, were dismissed.

More Paving.

The property owners on Lee street, between King and Prince, have deposited with the chairman of the committee on streets a sufficient sum of money to pay their share of the cost of paving that square with vitrified brick and the work will be commenced as soon as possible. This will extend the vitrified brick roadway from Duke to King street.

Liquor Licenses.

Judge Barley in the Corporation Court today heard arguments against the granting of liquor licenses to the nine persons whose applications for licenses were held up yesterday. He granted licenses to three, postponed decision on three and refused licenses to three—J. J. Kelly, J. M. Garvey and R. K. Gilmore.

Confirmation.

Bishop Gibson, of the Episcopal diocese of Virginia, delivered a sermon and administered the rite of confirmation to a class of 21 persons in Grace Episcopal Church last night. The Bishop's sermon was both instructive and interesting and a large congregation was present to hear him.

Police Commissioners.

The Board of Police Commissioners continued the investigation of the police force last night. Additional witnesses were examined and plans for a reorganization of the force discussed. The board adjourned to meet again tomorrow night.

Woman Murdered.

With her head almost severed from her body, so deep was the gash in her throat, Mrs. Rosaria Conti, a pretty young Italian woman, was found murdered at 4 o'clock yesterday morning in the back room of a dilapidated tenement house at 310 east 106th street, New York. Her five-year-old boy was lying on the bed beside her, and his hands and face were covered with his mother's blood. The other occupants of the house told the police that it was the child's cries that first gave warning of the tragedy. The boy is thought to have awakened and, touching his mother's cold body, to have cried out in terror. The woman was dressed only in a coarse nightgown. All the other inmates of the tenement—five in number—have been placed under arrest, but the woman's husband has not been seen. His name is Zstalli Conti, a man about thirty-eight years old. By trade he is a plasterer. The police believe that the man they want to question will attempt to return to his home in Sicily. He left there only a year ago, and has been homesick ever since. Often he begged his wife to go back with him to Castro Nuovo, where both of them had been born. But Mrs. Conti had many relatives in this country, and was unwilling to leave it. Because of her refusal to acquiesce in her husband's wishes, there were almost daily quarrels between the two. Another source of constant bickerings was Conti's jealousy. His wife was his junior twelve years, and she was every bit as pretty as when he had married her in Sicily. Theirs had been a runaway match, for the girl's father and mother had objected to Conti as a son-in-law. So the pair slipped away one night, and were married in a neighboring town.

New York Stock Market.

New York, April 26.—Liquidation of speculative accounts by commission houses and continued bear attacks caused another slump in the stock market at the opening, on which prices declined one to two points, but the selling was met by good buying from very strong interests and liquidation was quickly exhausted, leaving the only pressure coming later from those committed to the bear side. After a moderate rally the bear pressure caused another downward movement at the end of the first hour. Without doubt, many accounts and the position of many bull operators have been hurt by the break in the market since yesterday noon, and it is general comment that a large part of the liquidation referred to at the opening, was forced in the last few minutes, which has carried prices down to the lowest range so far reached since the news of the San Francisco calamity.

B. F. Strother, a farmer of Gainesboro, Frederick county, died suddenly Tuesday night at his home, aged fifty-five years.

Summer Furniture and Summer Furnishings

FOR COTTAGE, LAWN AND PORCH. EVERYTHING FOR SUMMER COMFORT AND SUMMER SPORT.

The days for the spring cleaning and renovating have arrived.

Carpets and rugs must come up and be replaced with fragrant matting.

Heavy curtains and hangings must give way to Swiss muslins and madras. Upholstered furniture must be stored for the summer and in its place rattan, bamboo, birch and hickory furniture must be used. Today occurs the first showing of our summer furniture and all the cool accessories for your summer home.

On the Sixth floor you will find a choice collection of summer furniture, gathered from everywhere.

The rough, sturdy, but artistic "OLD HICKORY" and "ADIRONDACK BIRCH" are two favorites.

Or if you want a lighter furniture you have the "Crex," or prairie grass, bamboo and willow to choose from.

The "Crex" furniture is light, graceful, pretty and durable, made of woven prairie grass in soft shades of green.

We will prepay all freight charges on furniture, beds, beddings, linens, china, etc., required for the furnishing of summer homes at the seashore and mountains in the nearby states.

Summer Furniture, Refrigerators, Ice Boxes, Water Coolers, &c., Sixth floor, G street.

Hammocks, Lawn Swings, &c., Fourth floor, Eleventh street.

Mattings, Rugs, Curtains and Draperies, Fourth floor, G street.

Tomorrow, Friday, Is REMNANT DAY.

Our Remnant Day is becoming more popular every week. Every Friday sees a larger crowd than the Friday before, surging through our store. The counters are filled with desirable remnants far below their actual values.

The busy selling of the past few weeks has left hundreds of remnants of all sorts, particularly Woolen and Cotton Dress Goods, Silks and White Goods. Many pieces have been sold out, with the exception of the few yards, just enough to make a shirt waist for yourself or a dress for your child, and, in some cases, enough for a full suit.

Not only these particular departments, but there are others quite as important, such as China, Upholstery, Women's and Children's Ready-to-wear Clothing, Shoes, Boys' Clothing, &c., &c.

These have been marked half—in some cases less than half—regular prices to clear them out as quickly as possible.

We Probably Have It.

A good many people make the mistake of going to Washington to get something they could buy at home, do not look for it here, just jump to the conclusion that such things are not to be had in Alexandria.

We would like to state to those contemplating purchasing a fine watch, or diamond, or other fine piece of jewelry, clock, silverware, cut glass, etc., that we have a large and complete stock of the above mentioned goods and which we offer at a lower price than is asked for the same goods in Washington.

Trouble with Miners

Armed with clubs, stones and firearms a mob of about 100 men and boys yesterday morning descended upon the Pinedale washery, near Kuska William, Pa., which has been working for the past week and compelled the men to stop work. One man named Condron was badly beaten The washery is owned and operated by W. H. Greenfield, who was at the washery when the mob came and who says that he had to seek safety in flight. As the temper of the mob was ugly, Sheriff Whitaker was appealed to for protection. The sheriff quickly arrived on the scene, and when he found that the situation was serious, appealed to Governor Pennypacker to send a force of the State police to the place. Captain Groome, commanding the State police, replying for the governor, stated that he would send a force of his men to the washery, providing the sheriff agreed to swear in the policemen as deputies. This sheriff Whitaker refused to do. Greenfield will insist upon having protection, and this will likely result in the decision of the mooted question, whether it is not the duty of the sheriff to swear in the State policemen as deputies, so as to invest them with practically the same power to make arrests as is possessed by the sheriff.

Hostilites between the mineowners and strikers promise to begin in earnest within the next few days following the employment yesterday of nonunion men in some of the Illinois shafts. The first nonunion crews were put to work in 14 mines in the Saline county district. Most of these mines are controlled by the O'Gara Coal Company, whose employees deserted their posts Monday. The company promptly hired nonunion engineers, firemen and pumpmen to take the places of the strikers. Further desertions of union crews now caring for the shafts are looked for. The desertion of the pumps and fires at the O'Gara shafts left these properties exposed to ruin by flooding. As an emergency measure to save the properties from injury, Thomas J. O'Gara, president of the O'Gara Coal Company, ordered clerks and office boys from the mine office to take charge of the pumps and fires temporarily. Later regular firemen and engineers were found and placed at work.

The Pious Chinese.

With unwavering faith in an image, 20 Chinese gathered in a desolate spot of the ruins of Chinatown, San Francisco, yesterday morning, and worshipped in full compliance with the rites of their religion. In the ashes of their temple they knelt and silently offered prayers. Prostrate in the smoldering wreckage before them was the charred trunk of a graven image that once held the altar in the Temple of Shai Tai. The fumes of fresh incense with sacred punks curled skyward. All the dainties obtainable under the circumstances were spread in propitiatory offering to the devil that no offense to that personage might bring a recurrence of the disaster.

Put Rider on the Bill.

The Massachusetts Senate put a rider on the Jamestown Exposition bill Tuesday that has stirred all kinds of criticism. As it came from the House, the bill appropriated $50,000 for the exposition, but the Senate amended it to read that the governor of Massachusetts shall first be satisfied that citizens of Massachusetts would be treated in Virginia as well as they are in their own State. The amendment was adopted, 19 to 4, and the resolution goes back to the House for its indorsement.

Danger From The Plague.

There's grave danger from the plague of Coughs and Colds that are so prevalent, unless you take Dr King's New Discovery for Consumption, Coughs and Colds. Mrs. Geo Walls, of Forest City, Me., writes: "It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents Pneumonia, cures LaGrippe, gives wonderful relief in Asthma and Hay Fever, and makes weak lungs strong enough to ward off Consumption, Coughs and Colds 50c and $1.00. Guaranteed at E. S. Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," says Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. BUFFALO LITHIA WATER

Has for Thirty Years been Recognized by the Medical Profession as an Invaluable Remedy in Bright's Disease, Albuminuria of Pregnancy, Renal Calculi, Gout, Rheumatism and all Diseases Dependent upon a Uric Acid Diathesis. Time adds to the Voluminous Testimony of Leading Clinical Observers.

"THE MOST VALUABLE MINERAL WATER IN USE."

Dr. Graeme M. Hammond, *of New York, Professor of Diseases of the Mind and Nervous System in the New York Post-Graduate Medical School and Hospital:* "In all cases of BRIGHT'S DISEASE of the KIDNEYS I have found BUFFALO LITHIA WATER of the greatest service in increasing the quantity of urine and in ELIMINATING the ALBUMEN. In certain cases of Melancholia, accompanied by excessive elimination of URATES and URIC ACID, it is often the only remedy necessary. In GOUT and RHEUMATISM it is highly beneficial. I have long regarded BUFFALO LITHIA WATER as the most valuable mineral water in use."

"ESPECIALLY BUFFALO LITHIA WATER OF VIRGINIA."

Samuel O. L. Potter, A. M., M. D., M. R. C. P., *London, Professor of the Principles and Practice of Medicine in the College of Physicians and Surgeons, San Francisco,* in his handbook of PHARMACY, MATERIA MEDICA and THERAPEUTICS, a text book in many of the leading medical colleges of the country, under the head of ALBUMINURIA, page 600, 7th edition, in the citation of remedies, says: "BUFFALO LITHIA WATER of Virginia is highly recommended." Under the head of "CHRONIC BRIGHT'S DISEASE," page 601, same edition, in the citation of remedies, he says: "Mineral waters, especially the BUFFALO LITHIA WATER of Virginia, which has many advocates."

"A VERITABLE ANTIDOTE."

Dr. Wm. H. Drummond, *Professor of Medical Jurisprudence, Bishop's University, Montreal, Canada:* "In the Acute and Chronic Nephritis—BRIGHT'S DISEASE—of Gouty and Rheumatic origin, as well as in the graver Albuminuria of Pregnancy, I have found BUFFALO LITHIA WATER to act as a VERITABLE ANTIDOTE, and I know of NO OTHER NATURAL AGENT POSSESSING THIS IMPORTANT QUALITY."

"NO REMEDY SO ABSOLUTELY SPECIFIC."

Geo. Halsted Boyland, A. M., M. D., *of Paris, Doctor of Medicine of the Faculty of Paris,* says: "There is no remedy so absolutely specific in all forms of ALBUMINURIA and BRIGHT'S DISEASE, whether acute or chronic, as BUFFALO LITHIA WATER, Spring No. 2, accompanied by a milk diet. In all cases of Pregnancy where Albumin is found in the urine as late as the last week before confinement, if this Water and a milk diet are prescribed, the Albumin disappears rapidly from the urine and the patient has a positive guaranty against Puerperal Convulsions. Used as a substitute for ordinary water during the period of Gestation, it will be found invaluable as a preventive of Puerperal Convulsions and other disturbances incident to this condition. It is also an undoubted tonic to both mother and child, allaying at the same time Nausea and Vomiting."

BUFFALO LITHIA WATER is for sale by Grocers and Druggists generally.
